Oh Lookit 38
Opportunity, *By* Mr. Thompson 256

PILCHER doesn't claim to make the only good organs. Pilcher claims to make the best kind of organ mind, money and conscience can produce and to give each customer the highest possible value—tangible and intangible—for every dollar invested. ¶ Some of our customers tell us that we give them even more. Perhaps that's one reason we've been making organs for over a century. ¶ If you are considering a new organ, we believe you will find the House of Pilcher constructively helpful.
